SUMMARY

Entry-level UX researcher with a B.A. in Psychology and certifications in UX (BCS), data science (IBM) and business analysis. Led mixed-methods research for Oxfam Australia, Origins Cannabis and Premier Packout, and presented the findings to a COO and a CEO. Seeking UX research, business analyst or customer insights roles.

EXPERIENCE

Veeam Software · Tempe, AZ — Feb 2025 – Present

Site Experience Specialist II (Feb 2026 – Present) · Site Experience Specialist I (Feb 2025 – Feb 2026)

- Surveyed employees on their time in the office and turned the findings into changes to the workplace and its services.
- Helped facilitate office buildouts and furniture exchanges around employee needs, aligning branding, design and operations.
- Track purchasing and expenses through a purchase-order system, keeping budgets, approvals and records accurate.
- Coordinate vendors and contractors, and resolve facility, security and logistics issues before they disrupt staff.

Premier Packout · Scottsdale, AZ — Apr 2024 – Jan 2025

Project Specialist · CX Analyst

- Partnered with the CEO of a fire and flood pack-out company, which works closely with insurers, to map the customer journey.
- Ran interviews, shadowed crews, and analyzed a 36-homeowner survey and online reviews to set a 56% satisfaction baseline.
- Built an eight-phase journey map and audited the website, finding pain points across packing, storage, cleaning and pack-back.
- Delivered a research report and white-glove service plan to the CEO across the website, staff and fleet, and operations.

Origins Cannabis · Redmond, WA — Jul 2022 – May 2023

Budtender · UX Researcher & Designer

- Recruited customers in store for surveys and interviews on why the app failed them; built personas and a competitive SWOT.
- Concept- and A/B-tested product displays, then usability-tested a leveled filter system and a reorganized shop and home.
- Designed 20+ high-fidelity frames in Figma and analyzed survey data, customer paths and IA in FigJam.
- Presented a research report to the shareholders and COO; worked with marketing and operations on in-store sales.

PeakXD · Oxfam Australia · Remote — Jul – Dec 2022

UX Research & Design Certification Project

- Redesigned the information architecture of Oxfam Australia's support pages and MyOxfam portal.
- Ran user interviews, built a persona, card-sorted the navigation and tree-tested it in Optimal Workshop.
- Wireframed and prototyped in Figma, usability-tested the design, and presented it to stakeholders.

Earlier experience (2016–2021): five roles in food service, construction and aquatics, including shift lead and trainer, lifeguard and swim instructor.
